

# Daughters of the Night

Hysterica

Sisters hear me calling you  
Beyond the tides of time  
I summon you from Hades  
Redeem me from this crime  
Guardians of the law  
Protectors of the weak  
To this day we live  
Surrounded by your mystique  
I need you here with me  
I need you, hear my prayers  
Bring me retribution

Hell hath no fury  
Like a woman scorned  
I will sell my soul  
I mix my lifeblood with the fire  
He will scream for me  
The lover who became the liar  
Going down in flames

Sister of fury  
Goddesses of vengeance  
Spread your wings  
And hold your torches high  
Avenge those who have faltered  
And bring justice to us all  
Let your whips sing  
Daughters of the night  
Daughters of the night

My pulse is rushing  
My heart is throbbing  
Filled with unceasing anger  
I can feel the blood moon rising  
Scarlet upon Stygian

I'm your kin living in this century  
I carry on your legacy
