

# Heavy Metal Man

Hysterica

He pays his bills at the right time  
And he never cross the line  
And he wonder why the hell  
He's such a bore

He thinks you're stupid and you're fat  
He's a pain little prat  
He says you dress too much like a whore

You say damn  
I wanna heavy metal man  
You say damn  
I wanna heavy metal man

A man who rocks your world  
When you're all alone  
Like the perfect taste  
Come heaven and hell  
If he's got long long hair  
And tattooes everywhere  
You can be sure  
He's a heavy metal man  
Metal man, metal man

He pimps his ride like it's LA  
And you wonder if he's gay  
'Cause he's got problems with this macho attitude

You are a sweet little doll  
And if you talk  
He lose control  
You should be quiet  
And please his every move

You say damn  
I wanna heavy metal man  
You say damn  
I wanna heavy metal man

A man who rocks your world  
When you're all alone  
Like the perfect taste  
Come heaven and hell  
If he's got long long hair  
And tattooes everywhere  
You can be sure  
He's a heavy metal man  
Metal man, metal man

Damn  
I want a heavy metal man  
All the girls say damn  
We want a heavy metal man  
Everybody damn  
We want a heavy metal man  
All the boys say damn  
I am your heavy metal man
