

## Heels of Steel

Hysterica

Tonight is the night  
I've had it I'm out  
Tonight  
Your lies and deceit  
Won't hurt me no more  
Tonight I will stand up and fight

I'll crush you like a peanut  
I'll crush you between my thighs of doom

I'm gonna make you feel  
My heels of steel  
Get down on the ground and kneel  
Kiss my heels of steel

No pleading for mercy  
Will help you this time  
Beware  
There is no relief  
In your charm or your eyes  
Beware it's time to say your prayers

I'll crush you like a peanut  
I'll crush you between my thighs of doom

I'm gonna make you feel  
My heels of steel  
Get down on the ground and kneel  
Kiss my heels of steel
