

Hysterica

Hysterica

A pleasure seeking vixen
The mistress of seduction
Before you know it
You'll be caught up in her web
An empress of destruction
The queen of fatal attraction
Devouring your soul
Leaving you senseless

She lives within us all
Hiding deep inside
Waiting for a chance
To run wild

She'll beat you, defeat you
Beware

This is Hysterica
Devious, dreadful
Tearing you apart
This is Hysterica
Indulging in the fear
Filling up your heart
