

I Still Do

I Am Kloot

When I was a child
I looked up to the sky
thought I saw you and I
in the clouds passing by

When I was a boy
I looked out at the sea
thought I saw you and me
in the waves on a breeze

and I still do
Still do
Still do

When I was a child
I had that look in my eye
I had a will to despise
make destruction my life

and I still do
Still do
Still do

and I still do
I still do
Still do

When I was a boy
I looked out at the sea
thought I saw you and me
in the waves on a breeze

and I still do
I still do
Still do

I still do
Still do
Still do
