

## Life In A Day

I Am Kloot

Life in a day, Fleet of foot  
Full of grace  
Love, mercy miles, Freedom fortune  
Such a filthy child

Life in a day, Life in a day

Stick your jokes, your hoax in a box  
Chew the chains, loose the locks  
Lease your mind and find a better rate  
If freedom feels like a first mistake

Life in a day, Life in a day

Life in a day, See you hoof  
And move your feet of clay  
Let it go you know, or let it break  
Freedom feels like a first mistake

Life in a day, Life in a day
