Life In A Day

I Am Kloot

Life in a day, Fleet of foot Full of grace Love, mercy miles, Freedom fortune Such a filthy child

Life in a day, Life in a day

Stick your jokes, your hoax in a box Chew the chains, loose the locks Lease your mind and find a better rate If freedom feels like a first mistake

Life in a day, Life in a day

Life in a day, See you hoof And move your feet of clay Let it go you know, or let it break Freedom feels like a first mistake

Life in a day, Life in a day
