

Proof

I Am Kloot

Hey, could you stand another drink,
Better when I don't think,
It seems to get me through.

Say, d'ya wanna spin another line,
Like we had a good time,
Not that I need proof.

Swell, we're living in a hotel,
Someone's ringing my bell,
In a room without a view.

Hey, I heard you read another book,
Should I take another look,
Who am I, without you?
