

Same Shoes

I Am Kloot

Over and out
is it screwed
cos I don't even know
what half of these new tricks will do
out of booze
the same clowns
the same shoes

I saw your face again
from long ago
some September
after a show
I still love you
you ought to know
that I could never have ever
let you go

Over and out
is it screwed
cos I don't even know
what half of these new tricks will do
out of booze
the same clowns
the same shoes

the same clowns

the same shoes

the same clowns

the same shoes
