

## Strange Little Girl

I Am Kloot

Strange little girl,  
Strange little girl,  
From out of which world have you come?

She says pay me no heed,  
This is my creed,  
I just take what I need and I'm gone.

Strange little girl,  
Wherever you're from I am from,  
Strange little girl,  
Wherever you've gone I have gone  
Gone

Pay me some mind,  
Pay me some mind,  
Just take what I find and be gone.

Strange little girl,  
Wherever you're from I am from,  
Strange little girl,  
Wherever you've gone I have gone  
Gone

Strange little girl,  
Strange little girl,  
From out of which world have you come?
