

Down

I Call Fives

What the hell was I thinking
Every time you get close to me
It feels like I'm sinking
And now that I'm in to deep
I'm coming up for air
And I know you couldn't care
It's not hard to believe
And you're killing me

I'll let you drag me down
Is there a reason you're still around
Yeah, you're pulling me under
It's harder than you know
How easy it could be
To let you go

And I cringe when you speak
And life isn't easy like you think
And I begged and I'll plead to let you go
And I've known you way too long to take this slow

Cause I'll let you drag me down
Is there a reason you're still around
Yeah, you're pulling me under
It's harder than you know
How easy it could be
To let , to let you go

Drag me down cause I don't want to be around
When you're still here
I just want to forget these past few years
You'll always be here
Right where I left you
And that's fine

I'll let you drag me down
Is there a reason you're still around
Yeah, you're pulling me under
It's harder than you know
How easy it could be
To let, to let you go
