

Tidal Wave

I Can Make a Mess Like Nobody's Business

Look at the lights of the city
Can't fake it's glow
Painted my mind with an image I can't let go
Facing a tidal wave
Staring back at me
Promising all my dreams if I could ride the wave
Look at the light in the city
and all it's glow
And ride it's tidal wave
Look at the light in the city
Painted my mind with an image I can't let go
Facing a tidal wave
Laying next to me
Promising all my dreams if I could ride the wave
