

Destroy The Weak

I Declare War

Make your bed. Rest your head. The day of death. Save your very last breath. Death. Scorched by deceit. Peel back their flesh. Leave not one heartbeat. These souls we all lack. Destroy the weak. We will not fail. Weed out the weak. I shall not fail. Festered in their own filth. Sins lie in every alley. Festered in their own filth. Sins lie in every alleyway. We hope you die. You fucking cunts. WE HOPE YOU DIE OF AIDS. We hope you die. You fucking cunts.
