## I Declare War

We will not bow to this idea.

One nation one government.  
Pure tyranny is at hand.

They want us to go unheard.  
They want us to go unheard.  
But this is the truth behind the front lines.

The New World Order is taking over the world in which we live.  
Trying to purify a master race.  
Just like the Nazis in the 1940s.  
Only our blood will be on their hands.  
Our blood is on their hands.

WAKE THE FUCK UP. IT'S ALL AROUND US.

Homosexual bashing, police brutality.  
We are simply repeating our history.  
When will we make a change?  
To overthrow our oppressive government.  
That cashes in, on human suffering. (3x)

Who are you to judge someone else's fate?  
Who are you to decide who can procreate?

THIS IS THE  
FUCKING END.

Gouge out our fucking eyes.  
And make us realize.

Gouge out our fucking eyes.  
And find the truth behind the lies.
