

Not I

I Fight Dragons

Everything you plant will die The seasons all will pass you by
All your plans will go awry So, who's afraid to live? Not I.

Everyone you know will lie Those you trust will make you cry Al
l "hello"s end with goodbye So, who's afraid to love? Not I.

Chorus: And I'll let this go Keep it to myself If no one knows,
I'll be fine But even so, it's hard to walk that line

Liars look you in the eye You will fall before you fly And no o
ne here can tell you why So, who's afraid to laugh? Not I.

Chorus

'Cuz everything you plant will die Those you trust will make yo
u cry And no one here can tell you why So, who's afraid to live
? Not I.

So, who's afraid to live? Not I. So, who's afraid to live? Not
I.
