

Welcome To The Breakdown

I Fight Dragons

It's not enough It never is I tell myself I can't take this

Tomorrow comes I'm back in Playin' dumb And waitin' for

Something I could never find To come knock, knock, knocking down my door But waiting's such a waste of time, so Here we go

Chorus: Break me down And build me up again I can take it The r
emaking The more we know The less we understand So live the reb
ound Welcome to the breakdown

Forget the day Forget the clock Forget yourself And don't stop

'Cuz soon enough You find out The only truth Is the breaking do
wn

And everybody does sometimes You're lie, lie, lyin' on the floo
r Life is in the way you learn from it Lose or win

Chorus
