A Hole In The Paper

I Hate Myself

Fucked and so lonely Waiting for you to realize where we've gone wrong Fuck you, this song I made for you And you know you don't deserve it don't you? Some days I wonder Most days, just cry I wonder why I did what I had to, forgot you I'm thinkin' bout our conversation Hours after your gone Wonderin' what I did that was so wrong I'm lookin' back on our times Thinkin' of our song And I know I love you Love you But I wonder where I went wrong Can't get over you I'm still singin' this song
