

## Upon A Rivers Sky

### I Killed the Prom Queen

Rebellion of a drive prince afraid  
to turn to ask for help  
Even if you could see through my  
Falling apart to die why?  
And even if you could see through my eyes

This time I will not be denied I'm seeing  
A better tomorrow this time  
I will not be denied, cry, die  
Today forever I will not be denied of this fate

Blind, we are all blind

The sixth demon he pulls his strings  
And he will see (me)

Will acceptance, ever except, ever except me  
Confirm your blackness, swallow and smile  
You've killed me now, swallow and smile
