

Lights

I Love You But I've Chosen Darkness

If all you really ask every turn is a little faced,
Suit yourself, though or I'll go down agitated and anxious,
Waste the entire day? try to come up for air
For the last time disappear, very moving.

It's the last time, it's the last time,
It's the last time, it's the last time.

There's no stopping now you switch back on
While we walk you turned your back, disabled,
I know that will do for something to change
Everyone's gone when you finally go 'round.

It's the last time, it's the last time,
It's the last time, it's the last time.

It's the last time, it's the last time,
It's the last time, it's the last time.

When I see you down
When I see you down,
When I see you down
When I see you down,
When I'm high, I try...
Yeah, I'm dyin' in denied,
When I see you down
When I see you down.
