

## Music Killed Me

I'm from Barcelona

Music almost killed me now and I don't understand  
Music almost took my life, things got out of hand  
Music almost killed me now, I don't understand  
Music almost took my life, I don't give a damn

She almost killed me now  
She almost took my life  
She almost killed me now  
She almost took my life

I don't ever wanna come down from here to there  
And I don't ever wanna slow down, oh dear, oh dear  
I don't ever wanna come down from here to there  
And I don't ever wanna slow down, oh dear, oh dear

But it doesn't really matter anymore  
Cause you have to take some chances I suppose  
And it doesn't really matter anymore  
Cause you have to take some chances I suppose

Wait till tomorrow if you have to kill me, dear  
Wait till tomorrow 'cause I like it down here  
Wait till tomorrow if you have to kill me, dear  
Wait till tomorrow 'cause I like it down here  
Kind of like it down here, kind of like it down here
