

Sunny Delights

I Monster

Baby
Soaking in the sun
Hot lady
You've only just begun

Are you melting into nothing?
Who will soothe your tender skin tonight?

Sunshine
Girl on the beach
Sunshine
All lipstick and bleach
Sunshine
Oil on her skin
Sunshine
A sweet little thing

Hey baby
Goddess of the heat
Hot (hot) lady
Ultra violet sweet

Are you shaking?
Dehydrating?
I'll caress away the day with you

Sunshine
Girl on the beach
Sunshine
All lipstick and bleach
Sunshine
Oil on her skin
Sunshine
Such a wonderful thing
