

Who Is She

I Monster

Oh who is she
A misty memory
A haunting face
Is she a lost embrace?

Am I in love with just a theme
Or is Aisha just a dream
A mystery
Oh who is she

Oh who is she
A misty memory
A haunting face
Is she a lost embrace?

I call her name
Across an endless plain
She'll answer me
Wherever she may be

Oh who is she
A misty memory
A haunting face
Is she a lost embrace?

Somewhere across the sea of time
A love immortal, such as mine
Will come to me
Eternally
Immortal she
Return to me.
