

Crystal Ball

I See Stars

You can't run, you can't hide
I can hear every single thought
That you tried to hide

I look in the mirror and a stranger stares on back at me
If these walls could talk
They wouldn't speak the best of me, the best of me

Turn it around on me just to make it seem I've done wrong
You can't just jump into my life as you please
You're the queen of my insanity

I'll wait for you
No goodbyes, I'll see you soon
I will wait for you
You've made me better and I swear that's something I won't forget

I look in the mirror and a stranger stares on back at me
If these walls could talk
They wouldn't speak the best of me, the best of me

I'll wait for you
I'll wait for you

You can't run, you can't hide
I can hear every single thought, every single thought
That you tried to hide
Look into my crystal ball
Lust has a special place for you in her soul

Do you know the things you did to me?
You made me fall in love and leave me to die
You were the one who broke our living fantasy
