Project Wakeup

Don't make me say this twice You know I'm right, It's time to, it's time to wake up I can't stress this enough Oh, you stand there so blind

You stare at me like I don't care, I just don't want to fall asleep to another nightmare To another nightmare

Whatever helps you sleep, whoa

Well I don't have any intentions Of spinning you from this direction So live on and don't ask any questions

You say that everything's okay, But is everything really okay? I don't think everything's okay

You stare at me like I don't care I just don't want to fall asleep to another nightmare To another nightmare

No, the revolution is now
