

We're Not In Kansas Anymore

I See Stars

We are dark
The way the night stretches over the sun
And we're up to no good
Yeah, we're up to no good

No we wont go peaceful
There is no excuse for the way that we live
Yeah we're up up to no good
No we won't go peaceful

Will you release me my friend?
There's no where to run or hide
Again and again
Getting lost in the depths of my mind
And this cell can't hold back my dangerous thoughts

959 miles away is where you'll find me
I'm afraid I've been locked away
Throw out the key
Throw out the key
I'm afraid I've been locked away

We are dark
The way the night stretches over the sun
And we're up to no good
Yeah, we're up to no good
No we wont go peaceful

There is no excuse for the way that we live
Yeah we're up up to no good
No we won't go peaceful

Will you release me my friend?
There's no where to run or hide
Again and again
Getting lost in the depths of my mind
And this cell can't hold back my dangerous thoughts

There's nowhere to run or hide
Getting lost in the depths of my mind

959 miles away is where you'll find me
I'm afraid I've been locked away
Throw out the key
Throw out the key
I'm afraid I've been locked away

Don't look back
Don't look back

Get me the hell away from here

You don't know you're free
Until you're locked away
Even just for a day
