

Demon:Dreams

I the Breather

My mind's wandering lately
Tossing, turning in a daze instead of sleeping
These endless nights are getting scary

Losing sense of reality
When I tell you what you want to hear
Do you ever fear me?
When I lie next to you in fear
Do you ever hear me?

These nights are getting worse (getting worse)
Sleepwalking into my own hearse

My God, have I lost my voice?
I'm screaming but no one can hear me
Have I lost my mind?
I'm dying and no one can save me

I try running but my legs are still
I try gasping for air, my longs are desperate to fill
There is a demon creeping down my spine
Is it really in my mind or am I gonna die?

These nights are getting worse (getting worse)
Sleepwalking into my own hearse

My God, have I lost my voice?
I'm screaming but no one can hear me
Have I lost my mind?
I'm dying and no one can save me
My thoughts, they burn so deep
I think too much and it eats away at me
I'm just a tragedy but that's OK with me
I'll give the world what they're asking for

Sleep paralysis
I can't escape this
My only fear is not knowing who I am anymore
My only fear is inside me

Have I lost my voice?
I'm screaming but no one can hear me
Have I lost my mind?
I'm dying and no one can save me
My thoughts, they burn so deep
I think too much and it eats away at me
I'm just a tragedy but that's OK with me
I'll give the world what they're asking for
