

Drops

iamamiwhoami

Give up, let down
Can't believe what I found
(Keep quiet, be silent, be words from your mouth)

Build up from ground
Wipe clean of your frown
(Dance around, be far, be right on crown)

One more wrong (Come back)
Cost you all (Come back)
Sticks like glue
Obstructs my view

Speak up, adapt
Watch closely, keep track
(Tonight, we ride, don't use your time)
Thin line to walk, no time to stall
(We try to hide, don't waste our time)

Give up, let down
Can't believe what I found (Found, found)
(Keep quiet, be silent, be words from your mouth)

Build up from the ground
Wipe clean of your frowns (Frowns, frown)

One more fault, cost you all
Until I'm through
