Play

Moving close now Your hands just knock me off my feet Yeah, like a puppet now I cannot move to my own beat

But I can dance tonight I'll make up songs for us to sing You hold my heart with cotton string And to your rhythm I will shout My love for play

Take off your hat And pull a rabbit out for me I'm like a lark, now I lay on my back and on my knees

So I will dance now

Or I can dance tonight I'll make up songs for us to sing You hold my heart with cotton string And to your rhythm I will shout My love for play

Dance, now
