

Float

lamsu!

Probably never told you this
But baby girl you the shit
You will be my leadin lady
If I wrote a movie script
And I can't, I can't think a way to describe er
The way it makes me feel when I look in yo eyes

When I look in yo eyes it's like swimming pools to yo soul
And Lord knows I can't swim so please help me float
Please help me float, please help me float
And Lord knows I can't swim so please help me float
I said please help me float she said this and I quote
"I pray to God that you love me til you can't love me no more"
I said please help me float she said this and I quote
"I pray to God that you love me til you can't love me no more"

Okay, one time for my lady
One time for her man
Two times for my lady
I do everything that I can

You got that wet wet, make me come home early
Oh yea yea yea and I ain't even scratched the surface
Oh oh, you help me find my purpose uh
I swear you make it worth it uh
Yea, and after all the searchin uh
I think I found the perfect one

Dolla \$ign

She got that wet sea world
And I dive in that pussy like shampoo girl
Yea go all the way to the bottom, no scooba
Touch a nigga - move bitch, get out the way like Luda
I hit er with the ruler, I know a little Kamasutra
And my bitch bad so I be glad to hit that coochie
I hit it slow, take my time, man I stroke it
Real nigga can't swim, I'm just tryna keep on floatin

Said when I look in yo eye it's like swimming pools to yo soul
And Lord knows I can't swim so please help me float
I said please help me float she said this and I quote
"Why don't you ever try to see me no more?"
