

I Am Terrified

IAMX

1. You look good in leather in bars,
Breaking things, breaking hearts.
You look good in pleasure, in hotels.
Loneliness is the key to break that spell.

R: I am terrified, I think too much,
I get emotional when I drink too much,
I buy every cry, cause I don't trust,
I am terrified, I think too much.

2. In your blood, the fetish
The prize of a million teasing moments blind
Will release you from the circus, the railway
But the gravity between us will keep us safe!

R: I am terrified, I think too much,
I get emotional when I drink too much,
I buy every cry, cause I don't trust,
I am terrified!

R: I am terrified, I think too much,
I get emotional when I drink too much,
I buy every cry, cause I don't trust,
I am terrified!
I am terrified!
I am terrified!
Cause I drink too much,
Cause I drank too much!
