

For The Glory

Ian Brown

Sow the wind and reap the whirlwind
Through the rain and through the shine
Only something with a meaning can stand the test of
time
I really should've told ya
I really wanna hold ya
You gotta know you won't miss your water till the well
runs dry

Cast the spell and catch the spellbound
Sing the song and bang the drum
Feel the need and just believe
The best is yet to come
I really should have told ya
I really wanna hold ya
You gotta know you won't miss your water till the well
runs dry.

But when the bombs begin to fall
I didn't do it for the roses
As I was striding 10 feet tall
Well that's another story
For the glory

The good that you do
Will carry you through
Yeah, yeah
I did it for you
I didn't do it for the glory

Cry like you never cried before
See my picture on your wall
Laugh like you've never laughed at all as
All is meant to be
The wonders never cease

And when the bombs begin to fall
I didn't do it for the roses
As I was striding 10 feet tall
Well that's another story
For the glory

The good that you do
Will carry you through
Yeah, yeah
I did it for you
I didn't do it for the glory
