

Just Like You

Ian Brown

All Day I Dream And Shine
And Dreams I Dreamt Above Skylines
Angels Divine Illuminate Delivering A Sign
of heavens gate

All Day I Dream And Shine
And Dreams I Dreamt Above Skylines
Angels Divine Illuminate Delivering A Sign
heaven can wait

Just like you I got to be on my way
Like everybody else, unique and we're the same
Just like you in the breeze of a windswept day
Sunshine on my mind rain upon my face
Just like you I'm living for today

All Day I Dream And Shine
And Dreams I Dreamt Above Skylines
Angels Divine Illuminate Delivering A Sign
heaven can wait

Just like you I got to be on my way
Like everybody else, unique and we're the same
Just like you in the breeze of a windswept day
Sunshine on my mind rain upon my face
Just like you I'm living for today

Just like you I got to be on my way
Like everybody else, unique and we're the same
Just like you in the breeze of a windswept day
Sunshine on my mind rain upon my face
Just like you I'm living for today
