

# Sunshine

Ian Brown

Is the sun yes  
The size of a beach ball  
The earth shall be the size of a sweet, sweet pea  
Let it be so it goes blow your nose  
Yeah, yeah, yeah I hear you, I hear you calling  
Electric lightning lights the night until the morning  
I caught you stalling on me every day, no way

It's the moon yes  
That turns the tides  
On the ocean bed a starfish starts to slide  
Into the sand the way it planned right on time

I can see the sunshine in the rain  
It's all be done before, that's what she says  
I can see you got the sunshine in the rain
