

Roller

Ian Gillan

Get your hands onto this one
Screw it down i've never missed one
Keep alive never losing
95 i'm barely cruising
Go with the roller go
Say what the dirty roller say
Get in the roller
Do what the dirty roller do
Keep your hands on my lever
Watch it while i stab your beaver
He's no good he's no more boy
I'm the ruler he's the poor boy
When i'm dead when it's over
You can have my dirty roller
Smear my blood on your body
And you'll get no shit
