

## Secret of the Dance

Ian Gillan

I saw her in the gloom  
As she moved across the room  
The animal was burning in her eye  
She took him by the hand  
But he didn't understand her  
He wouldn't be the one to satisfy  
Got to wait no mistake  
I've got to take my chance  
Be there beware  
The secret of the dance  
I moved a little closer  
So maybe i could show her  
The way i felt the way i knew  
It was more than a game  
I was getting loaded  
So i touched her and exploded  
That was it i knew my life  
Would never be the same  
It's too late i can't escape  
I went and blew my chance  
And so i'll never know  
The secret of the dance.  
As she dances  
Feel her power  
Notice how her  
Thighs entrance  
And draw you to  
The secret of the dance
