

That Girl is Rock 'n' Roll

Ian Hunter

She dresses in leather
She isn't too together
She looks then she lowers her eyes at me

She smokes cigarettes
She likes to get wet
And she's about a woman as a woman can be I said

That girl is rock 'n' roll

She got the cutest figure
I think it's gettin' bigger
She's about, hangin' out, over me

She feels just right
In the middle of the night
'N' she's about a woman as a woman can be I said

That girl is rock 'n' roll
