

# Time Is The Keeper

Ian Thomas

Everyone has a dream or a wish they would like to see come true  
From the time you begin to crawl it's inside of us all  
There are always those who go through life with a silver spoon  
That can get so hard to take, just sit back and wait  
Cause time is the keeper  
(Time is the keeper)  
Of the dreams you make  
(Time is the keeper)  
Dreams are the sleepers  
(Time is the keeper)  
Waiting to awake  
(Time is the keeper)  
You will get some of the things you want  
But in your mind there's always more, guess that's the way we are  
We all want to go so far  
Patience is a virtue tried and proven, you get what's coming to you  
You might as well have a seat, take a load off your feet  
For time is the keeper  
(Time is the keeper)  
Of the dreams you make  
(Time is the keeper)  
Dreams are the sleepers  
(Time is the keeper)  
Waiting to awake  
(Time is the keeper)  
Time is the keeper  
(Time is the keeper)  
Of the dreams you make  
Woah time is the keeper  
(Time is the keeper)  
Of the dreams you make  
Woah time is the keeper  
(Time is the keeper)  
Of the dreams you make  
Oh time is the keeper  
(Time is the keeper)
