

# I Can't Let You Go

Ian Van Dahl

Since you're gone  
Everything looks so empty  
Without you  
Nights are so cold

Can you tell  
Tell me how to convince you  
Please come back  
I won't let you down

I won't let you down

I can't let you go  
Why can't you stay  
I still wonder why  
I can't let you go  
Why can't you stay  
Give it one more try  
I can't let you go

I can't let you go

And I hope  
One day you will forgive me  
If I could  
I would turn back time

Don't you know  
That I'm thinking about you  
If you knew  
Would you change your mind

Would you change your mind

I can't let you go  
Why can't you stay  
I still wonder why  
I can't let you go  
Why can't you stay  
Give it one more try

I can't let you go

I can't let you go
