

## State Of Mind

Ian Van Dahl

Believe me  
When life seems to fade in black and white  
It's never too late to change your mind

Live to fight another day  
A clear blue sky is moving your way

Believe me Dark clouds, they come and they go  
Live for today, forget tomorrow

Don't waste your breath on broken dreams  
Time to shake the dust from your feet

Leave your worries for tomorrow  
Ain't nothing but a state of mind  
Tell yourself that you can do it  
It's not too late  
Time to set your dreams in motion  
Ain't nothing but a state of mind  
Tell yourself that you can do it  
It's not too late
