

To Fall In Love

Ian Van Dahl

Hearts can be broken Love turns into pain Eyes can be blinded L
ove fades away

Why don't you see Why don't you see

Hearts can be broken Love turns into pain So can you give me A
reason to fall in love

Words can make you cry When they say goodbye Why don't you see
So can you give me A reason to fall in love

To fall in love

Maybe it's time to fall in love again Something about the way y
ou look tonight Maybe it's time that I take my chances And open
up my heart inside

Maybe it's time to fall in love again Something about the way y
ou look tonight Maybe it's time that I take my chances And open
up inside

To fall in love A reason to fall in love
