Ice Cube

Supreme gangsta shit  
We dream gangsta shit

Yes, I'm straight, go to bed  
Yeah! Yeah!  
It's ALIVE!

It's pourin rain, thunder and lightning  
Clash of the titans, I'm home writin  
Gangsta rap has arrived, I'm the only man alive  
October 31st, 1985  
Hard times, just got harder  
Adolescent Ice Cube, the shit starter  
A martyr, thanks to the father  
for bein this mean as sixteen raps, feel like the bitch scream  
You learned about your triple beam from me  
You stopped payin for pussy and hit that ass for free  
A little G never thought, that I could change the world  
witta attitude, a Raider jacket and a jheri curl  
Got every girl wantin to do me, screw me  
Boyz N The Hood, the first rap, the first movie  
Oooh wee \*woman screaming\* it's alive  
So whatchu gon' do 24-7, 3-65  
Dr. Frankenstein  
Dr. Frankenstein

Oooh wee, it's alive  
You better run and hide  
Cover your ears and your eyes  
(2x)

The world had to bow to this new style  
Dial 9-1-1, makin more money than the law allow  
But Fuck Tha Police, they can get deez  
Now who was sayin shit like that before me?  
No-body, but everybody wanna take the star's place  
and be Scarface in the car chase  
Illigitimate, counterfeit  
Even got white boys talkin shit off the shit I invent  
No no, motherfuckers musta took a photo  
Tryin to call my gangsta shit 'mafioso'  
but who ya usin? Fool it ain't no solution  
to the evolution, of pimps and prostitution  
I cuss, skanlous, I give a rush  
to niggas who mind turn to mush, smokin on brush  
Hush, I'm just a lush for this Hen  
Chrome electroids, connected to my pen  
When, blowin motherfuckers ain't knowin what we goin through  
Spiritually, lyrically showin you  
They call me, 'AmeriKKKa's Most Hated'  
Gettin liberated by this monster I created  
Dr. Frankenstein

We love to bump you Frankenstein

Yo' shit is the best  
Take my body and my mind  
Don't fuck with the stress  
Hit me with that game to win  
If you want, hit me again  
We love you Frankenstein  
We love you Frankenstein

Now how many times did a nigga have to warn ya?  
Ya fuckin up the formula (call the coroner)  
It's outta hand, cos sucker ass niggas like you  
try to pay the rent off my blueprint  
New cent to the industry  
You thought my shit was biodegradable, uh uh, it's unfadeable  
Unstoppable, runnin through your suburbs  
Incredible thug words  
We gets down, nigga do the Monster Mash  
and watch a nigga like me collect monster cash  
Cos I'm sittin wit this bitch who got monster ass  
Keep em wonderin how long the Don will last  
And never pass, and when I want it buttered on toast  
Can't no nigga see Ice Cube on no coast  
So all you gotta do is focus  
and see that I'm the fuckin loccest with this hocus pocus  
Dr. Frankenstein  
Dr. Frankenstein, ugh

Ooooh wee, it's alive  
You better run and hide  
Cover your ears and your eyes
