

Roll All Day

Ice Cube

I got a full tank of unleaded (4x)

Now we could roll all day, if i could ride all night
---I got a full tank of unleaded--- (2x)

I see you walkin' and i'm damn near stalkin'
You a chicken head and i'm chicken hawkin', now we talkin'
'Bout your unlucky backround
And how your ex-boyfriend is smokin' crack now (why)
I'm very very simpethetic
But baby where you headed?
---I got a full tank of unleaded---
She got in and had ass for days like
---BOOM, BAM, GOD, DAMN!---
She aks me would i harm her
No, i'm a charmer
A fuckin' night in shining armour
We went out and had a blast, everytime she walked past
Nigga got a quick fast glimpse of that ass
("what choo wanna do after this?")
I wanna get your tities in my fist
But you wanna kiss
Your mouth might taste like dick (ewww)
And i grew up on bearin' wit, trick

Now we could roll all day, if i could ride all night
---I got a full tank of unleaded--- (2x)

Niggas that i know don't kiss no hoes
Niggas that i know don't buy no clothes
Niggas that i know don't fuck no pros
Niggas that i know roll foots in fours (yeah)
Pull them panties off your hips
Pussy deep as crips
And 'bout as wide as my grip
Never ever get me with that wipper feel
They got a pants full of black steel
Am i too real?
You like dick i know you do
Wanna bring out the hoe in you
I know what you're goin' thru
You already think you're cree-al
You should learn to suck this like Vanessa Del Rio
Aww, you thought i was a nice guy
But shit, i was around eight, with bitches gettin' laid
If i wrap my dick in plastic
Now, how wide can that ass get?
It's gettin' drastic

Now we could roll all day, if i could ride all night
---I got a full tank of unleaded--- (2x)

Should of picked up an old girl that i know
That's what i get for fucking with you young hoes
About to get an attitude, what's hapenin'?
Baby how you actin'?
Let's get it crackin' (c'mon)

No?

well then bitch you got to go

I put her ass out, on imperial

Hoe slamed my door, next to texico

Kick my lexo, broke my window

Put out my indo

Jumped out and said "bitch are you crazy?"

Fucked around and got lazy

She jumped in my car, took off, now i'm stuck

And all i want to do was fuck

(damn....)

I had to stroll all day, I had to walk all night

---i had a full tank of unleaded--- (2x)
