

# Until We Rich

Ice Cube

Nigga the mission's to get what you don't got  
The struggle it don't stop, until we drop

Krayzie Bone and Ice Cube..

The best thing in life in life is life (uh-huh, uh-huh)  
Get your mind right, and get your grind right (we gotta keep goin)  
[Krazyie] Hey young thugs (we gotta keep goin)  
Get your mind right, and get your grind right  
[Krazyie] Hey young thugs..  
Get your mind right, and get your grind right

Look into my eyes if you wanna know me  
Before you hypnotized, homey what do you see  
A figure that's just a little bigger than dealers  
A hustler countin figures ain't pulled no triggers  
Can you dig us, we be the ultimate lick  
We's the hitters, that make the ultimate hits  
Kinda floss-ey, kinda boss-ey  
It's gotta be done my way, do what the {fuck} I say  
Top of the pyramid, homey what I tell you  
If you leave this Westside umbrella you hit the cellar  
Bring me my slippers, black robe, and my globe  
and I could rule the world with my eyes closed  
(with my eyes closed..)

See the mission's to get what we don't got  
until we filthy rich and on top --  
-- you betta go get it, it's yours  
Nigga the mission's to get what you don't got  
The struggle it don't stop until we drop

To all the little homies that's watchin TV  
I see you tryin to be a O.G. like me  
Chasin dreams, pullin mo' schemes for wealth  
But the best thing in life is health, be yourself playa  
Television it'll keep yo' ass wishin forever  
You'll never get you life together  
Don't talk about death, I got too much life to live  
Too many orders to give -- what it is, showbiz  
Taught you what a trick and a hoe is (WHAT?)  
Showed you what a Six-ty Fo' is (WHAT?)  
Lord knows, "In God We Trust"  
and everybody in the world wanna be like us (everybody)

To the kids of the world that's waitin for wealth  
Waitin for health, you better do for self  
Homey that's yo' last cup  
Forget about the fast buck; boy, get you ass up  
People use yo' brain to gain  
Do something that ain't never been done; and we can spend hun's

Wipe our ass with twenties, light our joints with ones  
Throw away the guns, have nuttin but fun  
And homey we could do that {shit}!  
Police have a fit, when yo' paper's legit  
We gotta get off the phone, we gotta teach our own  
Send your baby to school and she'll come back grown  
We got to talk to our grandma's  
And she'll help us throught them dark halls, and them pitfalls  
Everybody know we got the world to gain  
We got to stop the pain, lord stop the rain

Keep goin, little homey why you slowin?  
Keep rollin, little homey why you slowin?  
Keep rollin, little homey why you slowin?  
Keep rollin, rollin, rollin, rollin
