

# The Coffin Is Moving

Ice Nine Kills

We are the walking dead  
I'm frozen in time never growing  
I'm holding my life in my hands  
And you're holding your views of the world  
Around never knowing

Just make me whole again  
Cause I'm a soldier for misfortune  
But I believe that we can turn it around  
This memory, the final enemy now

We are, we are the walking dead  
A generation of negligence  
Brought down upon our heads  
We are, we are the walking dead

Holding all my cards on the table  
I'm able but I lack the components to anchor this down  
Cause I'm not over, our indifference  
I'll save myself and I will fight for the glory of the crown

We are, we are the walking dead  
A generation of negligence  
Brought down upon our heads  
We are, we are the walking dead

We are, we are the walking dead  
A dedication to arrogance  
With dreams we never had  
We are, we are the walking dead

With dreams we never had!

We are all just children of vanity  
We make fucking up into life long careers  
We've fallen prey to our parent's fears  
We see their faces when we look into broken mirrors

We are, we are the walking dead  
A generation of negligence  
Brought down upon our heads  
We are, we are the walking dead

We are, we are the walking dead  
A dedication to arrogance  
With dreams we never had  
We are, we are the walking dead

We are the walking dead  
We are the walking dead  
We are the walking dead  
We are the walking dead
