

# Ain't A Damn Thing Changed

Ice-T

Ban me? Try it  
You might cause a riot  
What the radio won't play the underground will supply it  
I'm a MC pirate, this loud not quiet  
Radical as they make, they make a rule I'll defy it  
Critics may say I'm wise, some may call my words lies  
I've lived more in one day than they will in their lives  
Cops hate kids and kids hate cops  
Cops kill kids with warning shots  
What is crime and what is not?  
What is justice? I think I forgot  
Squeeze the trigger, 1986  
Ain't a damn thing changed motherfucker
