

## Out There

Ice-T

Light a match up!  
Bionic, BITCH!!  
She called me out there  
The bitch called me out there, man  
Called me out there  
She tried to get a pimp slipping  
She called me out there  
It ain't nothing but pimping, BITCH!!  
Called me out there  
Yeah, that's right player

Cool and calm the way a player do  
Approach baby doll like; whose you?  
What your name is, shorty? - I'm a Navigator  
I can ease off the rude to spend some time with later  
And my production is always be paid  
Some fine dinning, and maybe a little shopping  
Let the night do what it do, just me and you  
Hit the Jacuzzi and pop a bottle or two  
Girl, don't feel shy, you got some model in you  
I can have a good time, just following you  
She replied; She was feeling me and my plans  
She even let me know that she was one of my fans  
That's when I know, there's I've seen her before  
In one of our shows, standing in the front row  
Right before the guards, said she gotta go  
Her and a crew of groupies be getting through the back door

She called me out there  
The bitch called me out there, man  
Called me out there  
She tried to get a pimp slipping  
She called me out there  
It ain't nothing but pimping, BITCH!!  
Called me out there  
Short Dawg in the motherfucking house

Way back when I made Freaky Tales  
In 1988 - I was freaking girls  
And I fucked a lot of groupies in eighty nine  
When I started getting famous, if I think she's fine  
I'ma hit it, I'm back on the row tomorrow  
Another show, pussy is short to follow  
But don't bother, cause I don't fuck groupies these days  
See me with a bitch, best believe she is paid  
And [?] is what, it's not Gold D  
Ain't talking about money, don't talk to me (BITCH!!)  
And paid dues to thieves, and used to lead  
I blew the trees, while she bruised the knees  
Let me tell you what happened a few nights go  
Met a bad little bitch, tried the life of a whore  
I always had to have two wives or more  
But I ain't never seen nothing that fine before

She called me out there  
The bitch called me out there, man  
Called me out there

She tried to get a pimp slipping  
She called me out there  
It ain't nothing but pimping, BITCH!!  
Called me out there

Yes, sometime a pimp can catch your whore out there, man  
I caught this bitch out at the park this yesterday  
Staring hard at my rims in the Candy Bay  
I said: Shut the fuck up! bitch, respect the game  
IceBerg Bitch (BITCH!!) respect the name  
I said: The only one position you got is your back  
The only chance you got in your life is the track  
I'ma tell you something; that's a goddamn fact  
I'm a motherfucking Pimp and your man is a Simp  
The bitch looked at me like a slave set free  
I said: Hold up! whore, I need my shoes in feet  
I need my track bitch, fat bitch, that's no joke  
I don't give a fuck, you gotta fuck the poke  
The bitch left that day, came bagged at night  
Hundred grand cash, key and snow-white  
Looked at a nigga like it was big dough  
I said: Back to the track, this is Pimping whore

I called her out there  
I'm hard on the whore, it ain't nothing but Pimping, BITCH!!  
I called her out there  
Yeah, they know what it is, it ain't nothing but pimping, BITCH!!  
I called her out there  
You better get with it BITCH, it ain't nothing but pimping, BITCH!!  
I called her out there  
She already knows, it ain't nothing but pimping, BITCH!!

Yeah, that's right player  
And you what? - You know what I say?  
Share that bitch nothing, man  
And bitch is gonna find out through this pimping, man  
Call me out there, BITCH!!  
Better catch this Pimping in your ass, BITCH!!
