

Invisible People

Icehouse

Yeah, yeah
The invisible people
Yeah, yeah

Walking in the garden
Flowers dying
The garden is a jungle
Everywhere
Black rain is coming down
And nobody is watching
But I see you there

I know you're not a number
You got a name
We're invisible people
Invisible people
You gotta give a hand to
Invisible people
Yeah, yeah

They're looking out the windows
Of ivory towers
Filling in the details
They got it made
Where are we going wrong?
Won't anybody tell me
I don't understand

Invisible people
Stand up and be counted
Invisible people
Invisible people
You gotta give a little love to
Invisible people
Yeah, yeah
Yeah, yeah

Invisible people
Invisible people

Invisible people
Stand up and be counted
I know you got a voice, yeah
You got something to say
Tell me, where do we go from here?
I want to hear the message, yeah
Loud and clear

Invisible people
Yeah, yeah

I know you're not a number
Invisible people
Invisible people
You gotta give a little love to
Invisible people
Yeah, yeah

Invisible people
Invisible people
Invisible people
Yeah, yeah

Invisible people
You gotta give a little love to
Invisible people
Yeah
Invisible people
Yeah, yeah
