

## Sister Europe

Icehouse

Stupid on a stein away  
Sick on a Steinway  
The sailors drown  
See them talk and see them drown  
See them drink and fall around  
On the floor

Sister of mine, home again  
Sister of mine, home again

Lonely in a crowded room  
The radio plays out of tune  
So silently  
Radio upon the floor is stupid  
It plays as before  
So out of key

Buy a car and watch it rust  
Sister, see them fall to dust  
They fall around  
In another crowded room  
Paint me like the shed I`m in  
On display
