

Bam Bam Pop

Icon for Hire

We want that bam bam pop
We want that bam bam pop
We want that bam bam pop

Overkilling like we do it for a living
And we'll make history before we ever make a million
Move, sucka, throw it down
Bring it back you know that sound
Icon coming, common sense
Nothing wrong with a little bit of confidence
You tell 'em all what we're about
We're selling out, We're selling out
Stings the beginning then it all goes numb
I catch comas just for fun
When I'm done, we all go free
Make room for hers in history
Icon coming, did you hear?
We lost our minds again this year
Mindless music make it loud
We're selling out, We're selling out

We know what to do
We know what to do
We know what to do
You ready?

Bam bam pop pop
I like this a lot, lot
Turn it up here we go
We wreck the radio
Boom boom, get your fix
Give it to you just like this
Make your heart stop
We want that
Bam bam pop

Whoa, whoa, whoa
We want that bam bam pop
Whoa, whoa, whoa
We want that
Bam bam pop

Everybody here still half alive?
Anybody else can't sleep at night?
I know I'm not the only one going crazy
Same white noise on repeat daily save me
Maybe I don't want to turn it up
Maybe I want to turn it off when I've had enough
Maybe all your tricks won't fix me
This sick beat just makes me sick
Ready?

Bam bam pop pop
I like this a lot, lot
Turn it up, here we go
We wreck the radio
Boom boom, get your fix

Give it to you just like this
Make your heart stop
We want that
Bam bam pop

Whoa, whoa, whoa
We want that
Bam bam pop
Whoa, whoa, whoa
We want that
Bam bam pop

I raise my fist just like this, just like this
I raise my fist just like this, just like this
I raise my fist just like this, just like this
I raise my fist just like this, just like this

Bam bam pop pop
I like this a lot, lot
Turn it up, here we go
We wreck the radio
Boom boom, get your fix
Give it to you just like this
Make your heart stop
We want that
Bam bam pop

Bam bam pop pop
I like this a lot, lot
Turn it up, here we go
We wreck the radio
Boom boom, get your fix
Give it to you just like this
Make your heart stop
We want that
