

# Conversation With A Rockstar

Icon for Hire

Your everything I wanna be but thats not true at all  
I've held you high I built a lie  
Your nothing like you used to be and thats not right at all  
You've given in You've let them win

And I'm sorry that these words are coming out of my mouth  
But I don't wanna be like you  
I'm sorry that I'm just now figuring out

Someone else can save the world  
I won't sell my soul for this  
I wasn't meant to make them happy  
I wasn't meant to make them money  
Someone else can let it all go  
Trade themselves for one more show  
But I wasn't meant to throw myself away  
For one meager shot at fame

I thought you cold think for yourself  
And fight for what you loved  
They're using you...  
You know they do...  
I don't think  
I want to take the same road that your on  
It can't be worth the way your hurt

And I'm sorry that these words are coming out of my mouth  
But i don't wanna be like you  
I'm sorry that I'm just now figuring out

Someone else can save the world  
I won't my soul for this  
I won't meant to make them happy  
I won't meant to make them money  
Someone else can let it all go  
Trade themselves for one more show  
But you werent meant to throw myself away  
For one meager shot at fame

Do you even remember why you wanted to get this far in the first place?  
Do you even remember why you wanted to be rockstar in the first place?  
Well it's not it late...

Cuz someone else can save the world  
Don't you sell yourself for this  
You weren't meant to make them happy  
You weren't meant to make the money  
Cuz someone else can let it all go  
Trade themselves for one more show  
But you weren't meant to throw yourself away  
No weren't meant to throw ourself away  
For one meager shot at fame  
Oh, one meager shot at fame, fame, oh fame
